

## Migration Checklist:

### ***Preventing Harassment and Discrimination in The Workplace***

Use this checklist to ensure you are prepared for your course migration.

Update configurable pages

Make sure to update any pages that have configurations allowing you to add any custom content.

Assign the new course moving forward

You'll then want to assign the new course(s) in the *Preventing Harassment and Discrimination in the Workplace Suite* moving forward. The legacy version will not be available for reassignment.

Download your new SCORM Package

Next, download your new SCORM Package in your Admin portal if you have a SCORM integration. In this step, you'll also be able to choose whether to enable surveys.
